FOR IMMEDIATE RELEASE  
December 22, 2020

## (ANNUAL MEMBERSHIP MEETING)

On November 14, 2020 Honorable Brad Little, Governor of the State of Idaho, and the Idaho Department of Health and Welfare, issued the current "Stay at Home Order" in effect in the state of Idaho relating to the Covid-19 pandemic. That order prohibits public events where more than ten (10) persons are in attendance and also imposes other limitations where gatherings are allowed.

The annual meeting of North Bench Volunteer Fire District is currently set for Saturday, January 25, 2021 at the fire hall (Station 1) of North Bench Volunteer Fire District in Boundary County, Idaho.

In order to comply with the current "Stay at Home Order" and also be good citizens concerned about public health and safety, on December 14, 2020 the Board of Directors of North Bench Volunteer Fire District agreed to postpone the annual meeting to be held in January 2021. Thus, there will be no annual meeting of the North Bench Volunteer Fire District on January 25, 2021. When conditions improve and it is deemed safe to allow such gatherings once again, the board will re-schedule the annual meeting and give due and timely notice of that fact.

The public's patience and understanding are deeply appreciated by the board of directors as we wait together for conditions to improve.

Thank you

NBVFD President Fred Nystrom
